SEPTEMBER 1st

Is the Date Set for District Attorney Slattery to Assume Office—Confirmed by Senate Tuesday.

Washington, May 29.—The nomination of Perry B. Miller of Morganfield, to succeed Judge George Du Relle as United States Attorney for the Western Kentucky district, which includes Louisville, is expected to be made and confirmed this week. Mr. Miller probably will take office in June. T. D. Slattery of Maysville, newly appointed United States Attorney for the Eastern district, received confirmation at the hands of the Senate yesterday, but will not assume his duties until September 1. Mr. Slattery desired to wind up his personal legal affairs, and District At.

Some cases to conclude, so the necessary arrangement was made by Senator James. When Messrs. Miller and Slattery have assumed office, there will be no more important Federal places in the State to fill with Democrats. The next district attorney at Louisville is about 48 years old, a native of Logan County. He has never been in the public eye particularly, never having sought public office. He was graduated from Bethel college and was once a law partner of former Congressman H. D. Allen.

Next year Mr. Morrow, it is understood, may make the race for the Republican nomination for governor. In the ordinary course his term as district attorney would not have expired until February, 1916.

HONOR FOR MAYSVILLE

James Childs, Member of Pisgah Encampment Elected One of the Grand Officers of the Grand Encampment.

The annual meeting of the Grand Encampment of Kentucky Old Fellows was held yesterday at Lexington in Merrick Lodge Hall, with a complete attendance of representatives from the various encampments of the State.

The reports of the various officers showed the Order to be in a much better condition this year than for some time past, notwithstanding a loss of 38 members since the last meeting.

Two things at this meeting were of interest to Encampment Old Fellows in Maysville. One was the amendment to the by-laws of Pisgah Encampment increasing the sick benefits \$1 per week, which was reported favorably by the committee on By-laws, and the other was the start through the Grand Encampment chairs of a Maysville Old Fellow, the one chosen being Mr. Jas. Childs, who was elected Grand Junior Warden.

The complete list of officers is as follows:

Grand Patriarch—Charles E. Cooke, Middlesboro.
Grand Senior Warden—Wilder De Puy, Frankfort.
Grand Junior Warden—James Childs, Maysville.
Grand Scribe—R. G. Elliott, Lexington.
Grand Treasurer—B. J. Durham, Danville.

Grand Representative—John S. Gaunt, Carrollton.

Mr. George Schwartz was a member of the Finance Committee, Mr. George W. Crowell a member of the Committee on Appeals and James Childs a member of the Committee on the State of Order, all three important committees.

A new boys' dormitory having been in a state of completion at the Odd Fellows W. and O. Home, the Grand Encampment voted to name it the encampment dormitory, thirty encampments throughout the State furnishing the rooms.

Past Grand Patriarch J. Barron Russell of this city was the first to have the honor of furnishing one of the rooms in the new dormitory.

The next meeting of the Grand Encampment will be held at Cynthiana.

Can any Democrat point to a single industry that President and a Democratic Congress? Per contra, is it not a fact that almost every industry in the country is less prosperous now than it was a year ago.—Stenbeuville (O.) Herald.

The general conference of the Methodist Episcopal Church, South, voted to reconsider its action severing its relation between Vanderbilt University and the church as a whole, and to contend for control of the university.

JOSEPH BENSON WOULD COME BACK.

Former Senator Joseph B. Foraker has formally announced his candidacy for the nomination for United States Senator from Ohio on the Republican ticket.

In a formal letter Senator Foraker touched upon national issues, disagreeing with President Wilson as to his Mexican policy, and opposing the repeal of the Panama Canal tolls act.

ONE OF THE PARAMOUNT DUTIES.

An Iowa Democratic daily says that one of the paramount duties of Congress during the senatorial term beginning March 4, 1915, "will be legislation to give the farmer a greater share of the profits of his industry and greater market facilities." This is a pretty hard slam at the Democratic Tariff policy of giving the farmers of other countries equal privileges in the American markets with the American farmers. America for the foreigner and "the world for the American" is the slogan. It is rat.—Marion (Ia.) Register.

BETTER THAN MACADAM?

The abandonment of macadam as a road pavement is recommended by William Elbring, Highway Engineer of St. Louis County, Mo., according to newspaper versions of his recent annual report. Mr. Elbring states that rapidly increasing traffic has made various forms of macadam road construction inadequate and urges the construction of permanent pavements of brick or concrete costing from \$15,000 to \$20,000 per mile. The report shows that \$372,161 was expended on maintenance during the past year, an increase of nearly \$12,000 over the previous year.—Engineering News.

BAD ROADS CAUSE COLOSSAL LOSS.

Bad roads cost the United States \$7,500,000,000 per annum is the reported estimate of the Highway Commissioner of Ohio. He figures that the average cost of hauling one ton one mile on a good, hard road is 8¢, while the present average cost is 23¢, and in some districts it is as high as 5¢. There is no doubt respecting the economy of good roads, but such estimating as the Commissioner offers takes no account of the capital outlay necessary to get the roads. If the latter be built under the auspices and in the ways that have prevailed in the State of New York, there may be a loss of money instead of a saving. The matter is one of great importance to many mining districts, where wagon transportation is a high charge on ore production under present conditions, and where auto trucks can offer but little help until the roads are improved.—The Engineering and Mining Journal.

AN APPROPO TEDDY STORY.

Let us all retire from the field in the matter of telling Roosevelt stories. "Jim" McBride, who writes politics for the New York American, has won the medal. This is a dream story. "I dreamed I had died and gone to heaven," he said, "and when I reached the pearly gates, Col. Roosevelt was just ahead of me. Peter was welcoming him in.

"I hope we can make you feel at home here," said Peter.

"O, I'm at home my place," said the Colonel, "but I'd like to look about a bit."

"Is there anything particular you'd like to look over?" said Peter.

"Well, I've heard a good deal about your music," said the Colonel.

"We think it's very good," said Peter. "You see we have so many singers now. We've been accumulating them for a long time."

"How many tenors have you?" asked the Colonel.

"About a million," said Peter. "Would you like to hear them?"

"Very much," said the Colonel. "A million tenors! That's splendid."

"The tenors sang."

"Bully!" exclaimed the Colonel. "Have you got that many sopranos?"

"Certainly," said Peter. And the sopranos sang.

"Simply gorgeous!" exclaimed the Colonel. "And have you a million altos?"

"Yes," said Peter. And the altos sang.

"Bully; certainly bully!" said the Colonel. "Now let's have a quartette."

"How about the basses?" asked Peter.

"I'll sing bass myself," said the Colonel."

THAT TIRED FEELING

Suggests Grandmother's Remedy.

It's true, the season is here with its sudden changes, and the old idea that we need a blood medicine is not without reason. Too much heavy food has caused a torpid liver, sluggish blood, and a weak, tired out feeling.

Sulphur, cream of tartar and molasses was grandmother's remedy but has long ago been displaced by Vinol, a combination of the two most world famous tonics, namely, the medicinal curative elements of the cod's liver, without oil, and iron for the blood.

Vinol builds you up, makes you eat more and digest better, makes your blood rich and pure—puts healthy color in your cheeks.

N. G. Chaff of Opelika, Ala., says: "Last spring I was all run down, no strength, no appetite. I took Vinol and was greatly benefited by its use, as I soon felt strong and well as ever."

We guarantee Vinol to satisfy you and refund your money if it does not J. C. Pecor, Druggist, Maysville, Ky.

AN INCIDENT OF THE WAR OF 1846.

The Vicksburg Sentinel of September 11, 1846, has this:

"There are few situations in which men are placed together to which there is not some means found to give utterances to the terrible voice of public opinion, and although in the army, with its implicit obedience and strict subordination, the men are expected to have no opinions, and dare not question the conduct of their officers; yet they have even there devised a method whereby their officers are regularly arraigned, and in spite of all their vigilance, and strictures the free opinions of the whole army passed upon them with impunity."

The manner of doing this can best be illustrated by example. Col. D., of one of the Regiments of Volunteers; on the march from Point Isabel to Matamoras, came to a very filthy and deep slough. There was no very pressing

"GOING TO WIN," SAYS DURBIN
Former Governor of Indiana Predicts
Electoral Victory in This Year's
Constituent Election.

Winfield T. Durbin, of Anderson, former Governor, who was in Washington sent the following message to be read to the Republican State convention:

I most sincerely regret I am not numbered with the Republicans host gathered for the State Convention. I am enthusiastically with them in the spirit of the occasion. Let the campaign battle cry be victory. We are going to win because the principles of the Republican party have been, still are, and always will be everlasting right, while the Democratic catch phrase "retrenchment and reform" simply means extravagance, higher taxes, increased debt, general demoralization, curtailment of business, lower wages, bread lines and soup houses.

Present commercial and industrial conditions throughout our country indicate that we are to have the proverbial repetition of Democratic legislative and administrative incompetency. Two times during the last thirty years have the Democrats controlled Congress in both branches and affairs of the country administered at Washington. And they turned prosperity and progress into depression and disaster. And now we are promised that this record will be repeated.

We should not forget the conditions brought about by President Cleveland's Democratic rule from March 4, 1893, to March 4, 1897. At the time we voted for McKinley in November, 1896, three-fourths of the mileage of our railroads was in the hands of receivers and were being operated by the sale of court promises to pay, being unable to earn the scant expense of the times; 60 per cent. of our labor had no employment, while the remaining 40 per cent. was employed only four days in the week at wages less than half that paid when Wm. Wilson was inaugurated president in March of last year.

Our exports during the last occupation by the Republicans have grown over two billion dollars a year, and most of the time since the inauguration of President McKinley in 1897 half of our skilled and more than a third of our unskilled labor has been employed in the production of articles for export most of the time. The endeavors of President Wilson, his officers and Congress have been employed during the last year, and are so employed at present, in destroying this export business and throwing out of employment the millions of men and women who depend upon it for existence.

With them it is not a matter of control so much as destruction. They see the button on the barn door, and it looks large, but they can not discern the barn. Whether the destruction of the producing powers of the greatest producing country on earth shall be

RESULTS OF TARIFF REVISION

An Enormous Amount of Capital Has

Been Destroyed and Many Are

Out of Pocket.

(Boston Commercial Bulletin.)

Only a year or two ago the Payne Tariff was the object of bitter denunciation. It was held responsible for all the ills on the calendar. Vested interests were declared to be benefited by it at the expense of the common people.

Guarded against foreign competition, American industrial establishments, it was averred, had found it possible to

allow a considerable part of their machinery and equipment to become obsolete, thereby imparting an additional impetus to the increase in the cost of living.

In a word, if all that the advocates of a sweeping Tariff reduction said were true, the country was headed straight for the deminution how-wows.

Well, we have now had about seven months of Democratic Tariff regime, and where are we at? Is there any manufacturer, commission man, wholesale, retailer, clerk, mechanic or common laborer who can truthfully say that his position has been improved in any way?

That some articles are cheaper than they were formerly there is no question. How could it be otherwise in the face of the record-breaking merchandise imports of \$182,000,000 for March?

But of what benefits is this when hundreds of thousands of workmen are out of employment and thousands reduced to such circumstances that they are compelled to resort to the free soup kitchens to keep from starving?

We are told that it takes time for business to adjust itself to new Tariff conditions, and that when the readjustment is completed conditions will begin to improve. This means, presumably,

that a certain amount of wreckage was inevitable and that until this is cleared away it will be an impediment in the path of progress. This is entirely logical.

When a train has been wrecked, transportation is interfered with until the obstruction has been removed. But

is the transportation company better off afterwards? Surely capital has been destroyed and someone is out of pocket.

The day will come when little trees will remain of the devastation which the American beet sugar industry is now undergoing, but the fact will remain

It always gives me pleasure to recommend anything that is right and so I feel it my duty to herald the praises of Dr. Kilmer's Swamp Root.

For years I was troubled with Kidney disease and it was so intense that I was bedridden for days at a time. I gave up all hope and doctors for miles around gave me no help. Incidentally I tried several potent remedies and at last tried Swamp Root. From the first I gave me relief and it was no time before I was able to be up and around and now I am perfectly well and able to work as I used to before my terrible sickness.

So now let me thank you for your wonderful discovery and take this opportunity to recommend it to all who suffer from kidney troubles.

Yours very truly,
WALTER SHIVER,
Hope, Ark.

Prove What Swamp-Root Will Do
For You.

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Maysville Daily Public Ledger. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

The unusual feature in connection with the recent marriage of Billie Burke, the actress, is that Miss Burke had not previously indulged in nutrimony.

Probably no woman ever married a man for the express purpose of reforming him. When a woman ties herself to a skater she does it for the reason that she is in love with the skater.

It is easy for the fellow with the rain coat and umbrella to remember that the sun is shining behind the dark clouds.

What has become of the man fashioned man who said you were "a gentleman and a scholar?" when you treated him?

When you size up the yellow polka dots on some men's white shirts you figure that they learned to chew tobacco at a correspondence school.

Of course you can have your own way in everything if you insist upon it. But you are going to be mighty lone some.

RESULTS OF TARIFF REVISION

An Enormous Amount of Capital Has

Been Destroyed and Many Are

Out of Pocket.

(Boston Commercial Bulletin.)

Only a year or two ago the Payne Tariff was the object of bitter denunciation. It was held responsible for all the ills on the calendar. Vested interests were declared to be benefited by it at the expense of the common people.

Guarded against foreign competition, American industrial establishments, it was averred, had found it possible to

allow a considerable part of their machinery and equipment to become obsolete, thereby imparting an additional impetus to the increase in the cost of living.

In a word, if all that the advocates of a sweeping Tariff reduction said were true, the country was headed straight for the deminution how-wows.

Well, we have now had about seven months of Democratic Tariff regime, and where are we at? Is there any manufacturer, commission man, wholesale, retailer, clerk, mechanic or common laborer who can truthfully say that his position has been improved in any way?

That some articles are cheaper than they were formerly there is no question. How could it be otherwise in the face of the record-breaking merchandise imports of \$182,000,000 for March?

But of what benefits is this when hundreds of thousands of workmen are out of employment and thousands reduced to such circumstances that they are compelled to resort to the free soup kitchens to keep from starving?

We are told that it takes time for business to adjust itself to new Tariff conditions, and that when the readjustment is completed conditions will begin to improve. This means, presumably,

that a certain amount of wreckage was inevitable and that until this is cleared away it will be an impediment in the path of progress. This is entirely logical.

When a train has been wrecked, transportation is interfered with until the obstruction has been removed. But

is the transportation company better off afterwards?

Doon's Kidney Pills are especially for kidney disorders—they act where others fail. Over one hundred thousand people have recommended them. Doon's Kidney Pills have made him better and he always praises them.

Mrs. S. Neal, 497 W. Second St., Maysville, Ky., says: "One of my family had a great deal of trouble from his back and kidneys. Doon's Kidney Pills have made him better and he always praises them."

Mrs. Neal is only one of many Maysville people who have gratefully endorsed Doon's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for kidney remedy—ask distinctly for Doon's Kidney Pills, the same that Mrs. Neal recommends—the remedy backed by home testimony. 50c all stores. DO IT NOW

Maysville People Should Not Wait Until

It Is Too Late.

The appalling death-rate from kidney disease is due largely to the fact that the little kidney troubles are usually neglected until they become serious.

The slight symptoms often give place to chronic disorders and the sufferer may slip gradually into some serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.
